Antioch Stages Valiant Comeback Yet Loses To Wauconda 63-69

Glenbrook Plays Here Friday; Antioch at Fenton Saturday Night

A tough assignment is ahead for the Antioch High School basketball team this weekend.

Tomorrow night Glenbrook will play here and Saturday evening the Sequoits will go to Bensenville to play Fenton High. Both opponents of Antioch have won two games and lost one so far this season.

The Sequoits lost to the conference leading Wauconda Bulldogs at Wauconda Friday evening 63 to 60. They spotted the home team as much as 14 points at the outset of the game and slowly fought the uphill battle until at one time in the third quarter they were ahead 56 to 52.

At this point, Jerry Huml, the outstanding player for Antioch fouled out and Jaskot, whom he held to a limited number of baskets (Jaskot sat on the bench more than a quarter and a half of the game) went back in long enough to pull the game out of the fire for Wauconda.

Antioch actually made more field goals than Wauconda, but were weak on the foul tossing. Antioch was hitting the basket for a .36 average while Wauconda was hot, Jaskot excepted, for a .45 average. It was Weinberg and Svec who were the greatest problem for the Sequoits. It took Antioch a while to get used to the small floor.

Reckers, usually a heavy scorer, had an off night and sat out much of the game with four fouls. Frank Walsh and Huml led in the scoring for the Sequoits, the latter not only playing a good offensive game but as previously stated, a good defensive game, according to Coach Larry Leon.

The Summary:				
ANTIOCH	FG	FT	PF	TP
Walsh, f	6	4	2	16

Coach Leon said he was mighty proud of the way his boys made their comeback in the second and third quarters of the Wauconda game and believes that had Jerry Huml remained in the game the score would have been different.

In the preliminary Warren Polley's sophomores beat the Wauconda sophs 58 to 44.

Village Board Meets In Special Session to Seek Squad Car Bids

A special meeting of the village board was held Tuesday evening to authorize a call for bids on supplying a new squad car. The bids will be opened at the next regular meeting on January 3.

The specifications call for a four-door sedan with at least 200 horsepower motor. Bids will be on both power brakes and power transmission.

The meeting was a brief one and held early so that firemen on the board could attend their meeting at the fire station. There movies were shown and food served.

Olson's Red Heads to Play Antioch Scouts in Exhibition Jan. 9

This is something the public will want to see.

Olson's Red Heads, a girls professional basketball team has been scheduled for a game with the recently organized Antioch Scouts, an aggregation made up of championship stars of the Antioch High School in the last four years.

The game will be played at the high school gymnasium Monday, Jan. 9.

All of the girls are redheads and each is 6 feet or over, which is a fairly good match for the Antioch boys. Of course, red hair can come in bottles, but height is something that cannot be made with high heels, especially on a basketball court.

They will play boys rules inasmuch as the boys are not very well acquainted with girls' rules.

Members of the Antioch squad are Jerry Quilty, Bob Weber, Benjie Floyd, Jack Palmer, Chuck Davis, Butch Brownlee, Frank Balistreri, Bob Floyd, Boake Baird, and Bruce Stahmer. Balistreri is the only member not having played on the Antioch High School teams, and he is from Grayslake.

There will be 500 reserve and 400 regular seats for the game, with tickets going on sale next week.

The profits from the game will be used by the sponsors, the Antioch Chamber of Commerce, to pay for a space at the International Sports show in Chicago where a booth advertising the Antioch area as a recreation grounds both winter and summer will be given out. The booth will be in the sports and travel section and will be opposite the Illinois Conservation Department exhibit. The show will be February 17 to 26 inclusive.

Charles Hoge, Antioch, Died Saturday Night, Funeral Held Monday

Charles Hoge, 74, of Antioch, died Saturday at 8:45 p. m. at the Lake County General hospital, following a lingering illness. He was born November 17, 1881 at Milwaukee, Wis. He was employed for many years with the late Ira Simons Resort, as custodian.

He is survived by two sons, Milton and Charles, both of Chicago. He was preceded in death by his wife, Louise Lohan Hoge, fifty years ago and by a brother, Herman, three years ago.

Funeral services were held Monday at 9:30 a. m. at the Strang Funeral home, and at 10 o'clock at St. Peter's church.

Antioch Gives \$137.41 To Retarded Children's Fund for Lake County

The Retarded Children's Educational Society of Lake County received from Antioch \$137.41 in its recent drive in which tag days were held and coin envelopes were distributed and collected by teachers in the schools.

The total for the county was \$6,600 and most of this will go toward training and educating mentally retarded children attending the Parkside school in Zion, the Garden school in Gurnee, and the new class in Libertyville.

A portion of the fund will be used for research in preventing mental retardation at birth.

Fresh-Sophs to Play In Waukegan Tourney

The Antioch High School freshman-sophomore team will participate in a tournament at Waukegan Township High School's gymnasium on Monday, Tuesday and Wednesday next week.

Antioch will play in the first game against Libertyville at 3:45 p. m. Monday, and if victorious will play the winner of the Zion-Waukegan game. Other participants playing in the other bracket are Lake Forest, North Chicago, Round Lake and Grant.

Area Grade Schools, High School Discuss Enrollment Problems

Consider Junior Hi School, And Single Unit Board System Together

Nine grade schools whose pupils advance to Antioch Township High school pooled their enrollment problems with the high school board in a meeting last Thursday night.

Representatives of the various districts were invited by Principal A. L. Dittman and the board to talk over the enrollment situation which will be a threat to the high school in a few years and is already a serious problem for some of the districts.

Talk of a junior high school in which the schools and the high school could relieve tension from mounting enrollment, finally developed into an inquiry as to the possibility of a single unit school system.

County School Supt. W. C. Petty attending on invitation with his assistant William Thompson, told school leaders they would be following a pronounced trend in Illinois if the districts organized as a single unit under one board, pooling their bonded valuation.

The representatives of the various districts will return to their boards to discuss the possible set-up as presented and will meet later to announce results and continue discussion.

Schools involved are Lotus Country (Dist. 10), McHenry Co. Dist. 9, lying partly in Lake County; Newport Community Consolidated (Dist. 110), Millburn (Dist. 24), Hickory (Dist. 27), Emmons (Dist. 33), Antioch Community Consolidated (Dist. 34), Channel Lake (Dist. 35), Grass Lake (Dist. 36), and Lake Villa Community Consolidated (Dist. 41).

Five Periods in 1956 at Boy Scout Camp

V. J. Killian, chairman of the camping committee for the North Shore Area council, announced today important changes in plans for the 1956 camping season at Camp Ma-Ka-Ja-Wan.

Because of the increase in the number of Boy Scouts served by the council and in order to give more boys the opportunity to enjoy a camping experience, the 1956 season has been expanded to 5 camp periods instead of 4. The length of each period will be 11 days instead of 14 and the cost \$30.00 instead of \$36.50. The revised schedule will expand the camp capacity to serve over 1,000 boys for a total of 1,200 camp periods.

A new feature of the 1956 season will be an Explorer program for Scouts 14 years of age and over. Under special leadership, Explorers will camp as a Unit and will be given the opportunity for a canoe trip down the Wisconsin river, starting near Land O' Lakes and a pack trip in the Nicolet Forest. Additional canoes and special camping equipment will be provided. Cost for the Explorer expeditions will be \$36.00.

Another innovation will be the construction of two troop cooking areas to provide training in patrol cooking for all scouts attending camp. Camp units will rotate in the use of these facilities.

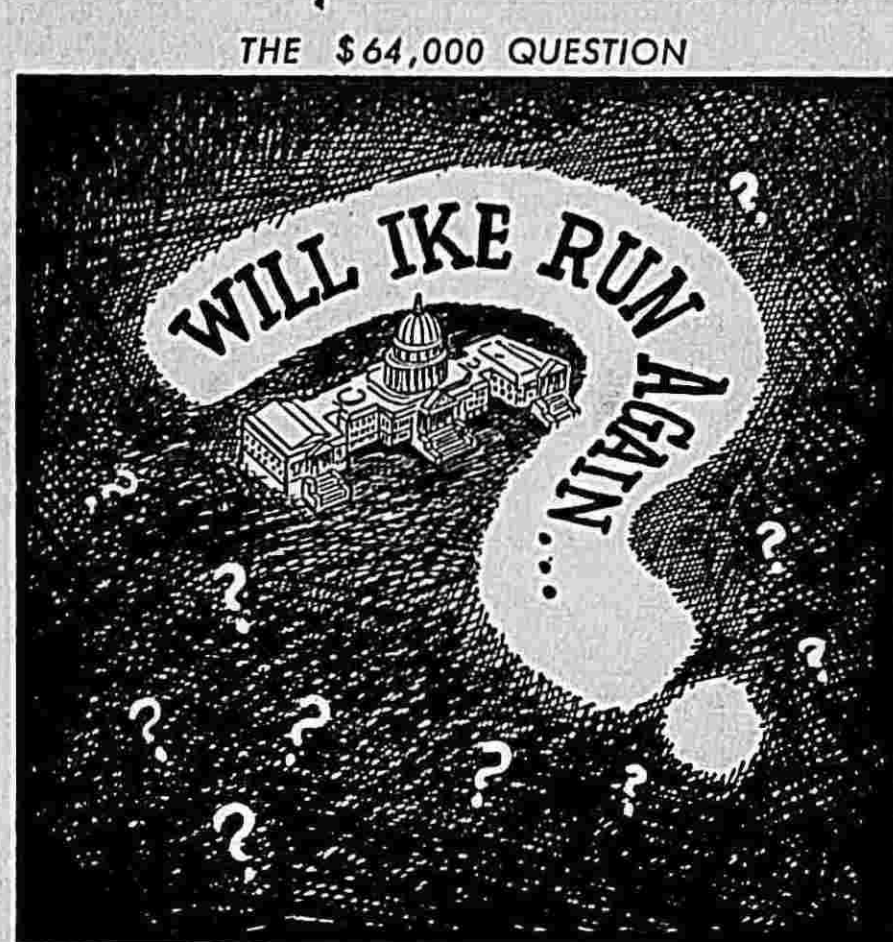

Killian emphasized the importance of early reservations in order to be assured of space. Reservation blanks and full information have been made available to local troops and leaders. The camp requires a staff of 55 adults and experienced older boy leaders. Interested persons should apply to the Council Office for staff application blanks.

Republican Club Hears Functions of Lake Co. Govt. Wednesday Eve.

One of the largest crowds of the season attended a meeting of the Lake Villa-Antioch Township Republican club last night (Wednesday) to hear a talk by Jos. Welch, Cuba township, on the functions of our county government. His talk touched on duties and operation of more than thirty departments and was very interesting and informative.

Among those who were present were Mickey Babcox, coroner, Robt. Pearsall, county auditor, Lloyd Murrie, Antioch township supervisor, Ed. Tiede, Lake Villa township supervisor, and W. J. Murphy, state representative.

Plans for the next meeting were made, and the meeting will feature a dinner to be held in Antioch on January 11.

Harold Cardiff Buys Western Tire Auto Store on Lake St.

Harold Cardiff who last week sold his restaurant on Main st. didn't stay out of business long.

This week he purchased the franchise and stock of the Western Tire Auto Store on Lake st. from Roy Gehrke who has operated the store about four years, the same length of time Cardiff was in the restaurant business.

Cardiff took charge immediately and a representative of the chain store company spent the week checking the stock and helping him get ready for the grand opening tomorrow, Saturday, Sunday and Monday. The store like other stores in Antioch is open evenings during the holiday season.

Aiding Mr. Cardiff in the operation of the store is Mrs. Cardiff and later on their sons may join them. The store hereafter will be known as Cardiff's Western Tire and Auto store, Cardiff having carried to his new business the name he popularized in the restaurant business.

The stock will comprise automobile supplies, hardware, television, household wares, and toys. While the chain store company with its 110 stores in seven states handles much merchandise under its own brand name, it also handles other famous brand merchandise.

Gehrke's future plans were not made known.

Lonsons Purchase Inn From Frank Handzel

Harry and Germaine Lonson have purchased the Loon Lake Inn from Frank and Lily Handzel.

The inn, situated at the northeast corner of the intersection of Loon Lake rd. and Rte. 21, also has a packaged liquor store in connection.

The Lonsons plan a grand opening after the holidays. They live in Antioch and formerly lived at Channel lake.

Mr. and Mrs. Handzel reside at Gages lake.

Wilmot Nips Whitewater, Plays Elkhorn Friday; Central Bows to Ports

The Wilmot Panthers continued their sizzling pace in basketball last week by defeating Whitewater 66 to 47 last weekend at Wilmot.

They kept step with Burlington with three victories and no losses in the Southern Lake conference.

Don Swartz and Everett Benedict turned in brilliant performances, Swartz getting 22 points while Benedict added 17 from his backcourt position. Wilmot led at the half 30 to 25 and added more margin in the second half.

The Panthers will play Elkhorn tomorrow night. The Elks have won two and lost one.

Salem loses to Port Washington. Central of Salem made its debut in the Braveland conference Friday night, losing to Port Washington, 45 to 68.

The Falcons started out strong and led at the first quarter 19 to 12, but succumbed in the second quarter to the hot shooting of Koenen, Port's forward.

Jerry Kerkman played a good game for Central and garnered 15 points. Port Washington controlled the backboards and got off 90 shots to Central's 57.

Freshmen, J-V's Win

The Antioch High School freshman basketball team beat the Zion freshmen here last evening 50 to 41.

The halftime score was 30 to 20. The Junior Varsity won from the Zion Junior Varsity at Zion 45 to 26. The halftime score was 19 to 9 in favor of Antioch.

Earlier Deadline for Auto License Plates

Springfield, Ill.—Secretary of State Charles F. Carpenter today urged motorists to speed up their applications for 1956 motor vehicle licenses, pointing out that it is planned to set an earlier deadline this season for display of plates.

The 1955 deadline was March 1, he said.

Both over-the-counter sales in the Springfield and Chicago offices of the Automobile Department and mail applications are lagging at present, Mr. Carpenter said.

The Auto Department is staffed to handle a much heavier flow of the two kinds of applications, he said.

Earlier application means earlier delivery of plates and the end of any concern about meeting whatever deadline is set, and for those who apply over the counter, it also means less standing in line, Secretary Carpenter said.

130 Students Prepare For A.T.H.S. Concert Gift to the Community

One hundred thirty young musicians from Antioch High School will combine to present the Annual Christmas Gift concert of Antioch High School. The concert, to which admission is free, will be held in the high school auditorium. Following the performance a brief reception will be held in the boys' gymnasium.

Following is the program to be presented:

Pre-Christmas Spirit Rises With Approach Of Holiday, Programs

Schools Dismiss Next Week, Churches Prepare Special Yuletide Events

With but 10 days intervening before Christmas, the tempo of interest in the coming event quickened perceptibly this week.

Schools will be dismissed next week for a two weeks' vacation and college students will be returning home at the same time for their holiday celebration.

The Antioch Grade School will close with a program on Tuesday afternoon and re-open on Tuesday, January 3.

St. Peter's will close on Wednesday afternoon with an assembly program and reopen on Tuesday, Jan. 3. The program for the 380 pupils will include entertainment by a magician and the arrival of Santa Claus.

Antioch High School will hold its final classes Wednesday with an afternoon program and resume classes on Tuesday, Jan. 3.

Christmas parties, some private in nature and others planned by organizations are scheduled for this coming week. Women's group tend toward the grab bag and similar styles of exchange of gifts.

Advent Sunday in the churches will see pre-Christmas pageants and programs.

St. Ignatius Pageant

The Church School of St. Ignatius parish will present its annual Christmas pageant and party at 6 p. m. Sunday. The pageant is entitled "A King in Bethlehem" will begin promptly at 6 o'clock in the church. Following the pageant the children will go to the parish hall to meet Santa Claus and receive presents and candy.

Methodist Pageant, Service

The children and youth of the Church School of the Methodist Church of Antioch are inviting their parents to the Christmas pageant which will be given at 9:00 a. m. Sunday.

In the past the pageant has been held at some time other than the regular Church School hour, but this year it was decided to invite the parents with their children on Sunday morning.

Hurdis Saltzman, church school superintendent, has announced that the offering to be received at the pageant will be used for overseas relief to help those in need of food, clothing, and medical supplies; for the Guj Conference in India, which is the special missionary project of the church this year; and also for the local church.

Parents and their children are invited to remain for the morning worship which begins at 11 a. m. The Rev. Mr. Howard Benson, pastor of the church, will lead in worship and preach the morning sermon. The choir, under the direction of Charles Watson, will sing music appropriate for Advent, the season of preparation for the coming of the Christ into the world.

Persons in the community who are not members of other churches are invited to participate in worship this Sunday at this most important time of year in the life of the Christian community.

The Gentlemanly Way to Kill

In these United States a complexity of laws forbid killing of human beings, the penalties for same being varied according to the degree of murder, or intent to kill, or the degree of homicide in the case of accidental death.

There are two ways, however, in which it seems that the death of another person can be caused without much fear of punishment . . . hunting accidents and highway accidents.

It seems that if a hunter accidentally kills while in search of game, that this somehow makes the killing o. k. In most cases the death is written off as accidental, and the most extreme penalty exacted by law enforcement officials and the courts is revocation of the offending hunter's license for a year. In other words a death while engaged in hunting is not regarded as a crime.

A parallel is in the second method. Killing of a person or persons by means of a recklessly-driven car. There seems to be a fantastic attitude on the part of the general public and officials that traffic violations are not crimes, even when the result is death for some innocent person.

In Antioch, parents would be shamed and consider it a disgrace if Junior were booked and "made the paper" for armed robbery or even a lesser charge, but if he gets publicity for operating the family car like a lunatic, they feel no such stigma. If he is picked up for traffic violation, they may restrict his driving for a time, or reprimand him, but in most cases he'll be out on the road again in a short time with the same loaded weapon—the family car.

It seems taken for granted that every driver will be "picked up" for traffic violation at some time.

We wonder whether or not a realistic approach to traffic regulations would not result in a saving of life. Old, outmoded speed limits, result in all drivers exceeding the limit at some time.

A second deterrent on reckless driving would

result if the general public and courts and policemen would regard traffic violations as crimes, and especially if reckless drivers who are involved in accidents where fatalities occur, were to be charged with homicide or murder.

"All Federal Power Is Subsidized"

Admiral Ben Moreell, U. S. N., Retired, served as chairman of the Hoover Commission Task Force on Water Resources and Power, and is a top authority in this field. In an article appearing in the October issue of The Freeman, he states: "All federal power is subsidized, more or less." Then he lists six forms of subsidy, one or more of which applies to every federal electric power project.

These are: "1. Interest rates which are lower than the actual cost for long-term money. 2. No federal income taxes or comparable contribution to the cost of the federal government. 3. No state and local taxes (with two exceptions). 4. Charging large parts of the initial capital costs to wholly subsidized federal activities, such as flood control, navigation, fish and wild life, etc. 5. Charging administration costs, insurance and pensions to other government accounts. 6. No charge for interest during construction."

Admiral Moreell adds that the Task Force found that if federal power rates had been computed in accordance with the methods required of private producers, these rates would be 30 to 50 per cent higher, and the government would have received \$130,000,000 more in power income in 1953 alone. That \$130,000,000, of course, was made up by all the taxpayers who footed part of the bills of the customers of the socialized systems.

Socialism drains our pocketbooks even as it undermines our freedoms.

You Can't Win \$64,000!

The radio-TV program, "The \$64,000 Question," has received an enormous amount of publicity. And here's a fact that most people may have overlooked—even though a contestant answers all the tough questions, right to the end, he can't possibly win \$64,000.

He'll get a perfectly good check for that amount, of course. But—assuming he is a single man earning \$4,000 a year—the check would have to total \$448,711 before he's have \$64,000 to keep for himself, free and clear.

Why? The answer is: The Federal income tax. It goes up so far and so fast that it becomes virtually confiscatory in upper brackets. A man who does take the long chances and wins the \$64,000, actually gets to keep about \$25,000—well under half.

is retiring also from the store which he and his wife have operated for nearly 30 years.

Mrs. Marie Hamlin, Mrs. Clara Perry, Mrs. Clara Troesch, Mrs. Anna Nader, Mrs. Fred Popp and Mrs. Vern Blust enjoyed a dinner at the 19th Hole on Rte. 59, last Friday evening in honor of Mrs. Blust's birthday and later spent the evening at the Perry home.

Mr. and Mrs. James Connell visited the George Mitchell family in Evanston last week.

Mrs. Henry Nader was called

to Coloma, Wis., late last week by the death of her father who was 93 years old and had been an invalid for some time. Mr. Nader went up for the funeral on Monday.

The Wm. J. Weber family has been confined to their home by illness for the past week, but is now on the gain.

Postmaster J. O. Hucker has announced that the postoffice will be open for the Christmas mail on each Saturday afternoon up to Dec. 25. It has been customary to close, but for the convenience of patrons at

this busy season, the office will be open on Dec. 17 and 24.

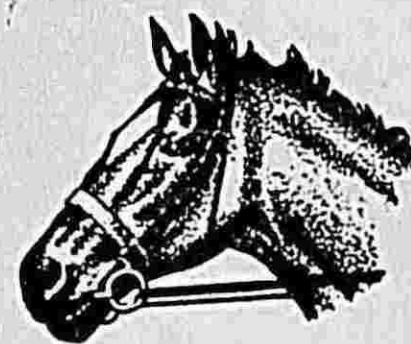

Reception of new members will be a part of the worship service at the Community church next Sunday.

William Walker who has been in St. Therese hospital for two weeks came home on Sunday and is doing nicely.

Cedar Avenue has been decorated for the holiday season and the Dalgaard store is equipped with a loud speaker for Christmas music for holiday shoppers.

2000 Years Old Mistakes Prevail

The Roman philosopher and statesman, Cicero, said it 2,000 years ago, and it's still true today. The six mistakes of man are:

1. The delusion that individual advancement is made by crushing others.
2. The tendency to worry about things that cannot be changed or corrected.
3. Insisting that a thing is impossible because we cannot accomplish it.
4. Refusing to set aside trivial preferences.
5. Neglecting development and refinement of the mind, and not acquiring the habit of reading and study.
6. Attempting to compel other people to believe and live as we do.

Celebrate Golden Wedding Year

Mr. and Mrs. John Palmer of Sylvan Lake rd. celebrated their fiftieth wedding anniversary Sunday afternoon with open house which was attended by more than 200 guests. The Palmers received many flowers and gifts. Two trees were covered with dollars and 10-cent pieces.

Channel Lake pupils will present a Christmas play "Trouble in Toyland," at 8 p. m. Tuesday. Miss Olive Dobson, music director, will be in charge. Parents have been invited. Santa will bring gifts and refreshments will be served by the Community Club.

Lake Co. Institutions Share in Ford Grants

A half billion dollars in grants to hospitals and colleges saw \$736,100 going to Lake county institutions this week. St. Therese hospital will receive \$110,400 and Victory Memorial hospital getting \$81,000.

Other hospitals to receive grants are Condell Memorial at Libertyville, \$25,800; Highland Park Hospital foundation, \$53,700; Highwood Clinic, \$14,000; and Lake Forest hospital \$34,500, a total of \$319,600 for hospitals in Lake county.

Lake Forest college received \$255,900 as the largest gift in Lake county. The money may be used for the increase of salaries.

DENY COX PETITION, GRANT SCHMITS REQUEST

The petition of Genevieve Cox before the Lake County Board of Supervisors to reclassify from R-4 residential to B-1 business a 160- by 175-foot lot at Lake Marie occupied by old summer cottages was denied. Mrs. Cox wanted to rejuvenate the cottages and start a boat livery business. A variation was granted however, to permit improvement of the cottages, but no boat livery operation will be permitted.

Lillian Schmits was granted permission to reclassify from R-4 residential to B-1 business several lots on Channel lake now being used for summer cottages, luncheon, and boat livery.

How Christmas Traditions started

It was the Dutch who really started Christmas on its cheerful way in the United States by introducing Americans to the jolly old man—Santa Claus.

The mistletoe custom started centuries ago in England. It seems that the British druids, an ancient religious order, found a plant growing atop a giant oak. Believing it heaven-sent, they took it as a symbol of love and purity.

The druids are also believed to be the ones who initiated the idea of the Yule log. Each winter they celebrated a festival in which they burned a sacred log. Three types of people were taboo in its presence—a barefooted person, a flat-footed person, and a quivering person.

Mince pies started out in England on a much greater scale than Americans enjoy it today. At first, these pies were nine feet across and weighed 100 pounds or more. They were called "minced" (shredded) pies because they were made of shredded meat. There's a legend, too, that mince pies symbolize the gift of spices brought by the Three Wise Men.

The use of candles at Christmas dates back to the ancient Jewish festival of Hanukkah—the Festival of Lights—which has been celebrated for many centuries to mark the victory of the Jewish Maccabees over the Syrians.

WIENERBROT or VIENNESE BREAD

3 cakes compressed yeast
2 cups lukewarm milk
1/2 cup sugar
1 teaspoon salt
6 cups flour, approximately
1 cup butter
1 teaspoon cardamom seed (optional)
1 egg, slightly beaten
1/4 cup blanched, silvered almonds

Dissolve yeast in lukewarm milk. Add sugar and salt and stir well. Add 1 cup of the flour and beat thoroughly. Add remainder of flour to make a stiff dough.

Place on floured bread board or pastry cloth. Roll to 1/4-inch thickness. Dot with half of the butter leaving a 2-inch border.

Fold dough in half; press edges together. Dot with remaining butter, leaving a 2-inch border. Fold in half.

Press edges together. Roll dough to a thickness of 1/3 inch. Fold in half, then in half again. Repeat rolling and folding process three times. Place dough in lightly greased bowl.

Cover and place in refrigerator for a half hour. Punch on a lightly floured pastry cloth or bread board.

Cover and let rest 10 minutes. Roll out dough and shape as desired. Place rolls on greased baking sheets. Brush with lightly beaten egg and sprinkle with silvered almonds.

Allow to rise in a warm place until double in bulk. Sprinkle with sugar and bake in a 400 degree oven 10 to 15 minutes, or until done. Baking time depends upon size of rolls. Frost with a thin powdered sugar icing.

APFEL STRUDELE or APPLE STRUDELE

2 cups sifted flour
1 1/2 teaspoons salt
1 egg
2 tablespoons melted butter
1/2 cup warm water
Melted butter
3/4 cup bread crumbs
2 tablespoons butter
2 to 2 1/2 pounds sliced apples
1/2 cup sugar
4 teaspoons cinnamon
1/2 cup golden raisins
1/8 cup chopped nuts.

Mix flour and salt together. Add egg, melted butter and water and mix together thoroughly. Shape dough into a ball and place on a floured bread board; cover with a large bowl. Allow to rest for 1 hour.

Cover a large table with a cloth; dust with flour. Place dough in center of cloth and roll until about a half inch thick. Then, using hands, stretch dough toward edges of the table until it is paper thin.

Work with hands beneath the dough to prevent it from breaking. Brush with melted butter.

Saute bread crumbs in 2 tablespoons butter until golden brown. Sprinkle half of the crumbs over the dough. Top with sliced apples.

Combine sugar and cinnamon and sprinkle over apples. Cover with raisins and nuts, then sprinkle remaining bread crumbs over all.

Roll jelly roll fashion. Place on a greased cookie sheet and brush with melted butter. Bake in a preheated 350 degree F. oven about 1 hour or until lightly browned.

Yield: 1 apple studel.

Robins and Holly Berries

Christmas day dawns with cold and cloudless skies. But beneath them, countless homes are bright with colored lights, decorated trees, and holly wreaths hanging at the doors. Not far from here, such a wreath was the scene of unusual activity during one recent yuletide season. It hung on a front door under a porch near a cedar woods where robins over-winter. Toward midday, the owner of the house heard a soft, fluttering sound along the glass of his front door. He peered out. Against the snowy landscape beyond, he saw the red breast of a robin.

The travelers on the road to success live in the present, heedless of taking thought for the morrow, having been able at some time, and in some form or other, to receive into their heart of hearts this maxim of the Sage of Chelsea: Your business is "not to see what lies dimly at a distance but to do what lies clearly at hand."

WAYS TO START FIRES

FIRE PREVENTION WEEK 9-15

Long, Long Ago

Winds through the olive trees
Softly did blow,
Round little Bethlehem
Long, long ago.
Sheep on the hillside lay
Whiter than snow,
Shepherds were watching them
Long, long ago.
Then from the happy sky
Angels bent low
Singing their songs of joy,
Long, long ago.
For in a manger bed,
Cradled we know,
Christ came to Bethlehem,
Long, long ago.

Our Christmas Presents

When we give to each other our Christmas presents, let us give them in His name. Let us remember that He has given us the sun and the stars, the earth with its forests and mountains and oceans and all that lives and moves upon them. He has given us all green things and everything that blossoms and bears fruit—and all that we quarrel about and all that we have mis-used. And to save us from our own foolishness and from all our sins, He came down to Earth and gave Himself.

Santa's Children

You asked me, dears, the other night,
Had Santa any children?
And carelessly I answered,
Indeed, he had not any.
But your question tarried in my mind
And careful thought demanded,
And so I wrote to him one night
And this is what he answered:
"Oh yes, dear mother, I have four,
Patience, Loyalty, Courage and Goodness,
So named because of qualities
imbued
Deep within each youngster's heart."

Be Good to Him

He rides to the East, and he rides to the West,
Of his goodies he touches not one;
He catches the crumbs of the Christmas feast
When the dear little folks are done.
Old Santa Claus doeth all that he can;
This beautiful mission is his;
Then, children, be good to the little old man,
When you find who the little man is.

The Old, Old Story

As recorded in Luke 2:1-20

And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.

And this taxing was first made when Cyrenius was governor of Syria.

And all went to be taxed, every one into his own city.

And Joseph also went up from Galilee, out of the city of Nazareth, into Judea, unto the city of David, which is called Bethlehem (because he was of the house and lineage of David).

To be taxed with Mary his espoused wife, being great with child.

And so it was, that, while they were there, the days were accomplished that she should be delivered.

And she brought forth her first-born son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

And lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

And the angel said unto them, Fear not; for, behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

And this shall be a sign unto you: Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

Glory to God in the highest, and on earth peace, good will toward men.

And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known to us.

And they came with haste, and found Mary and Joseph, and the babe lying in a manger.

And when they had seen it, they made known abroad the saying which was told them concerning this child.

And all they that heard it wondered at those things which were told them by the shepherds.

But Mary kept all these things and pondered them in her heart.

And the shepherds returned, glorifying and praising God for all the things that they had heard and seen, as it was told unto them.

Mr. Scrooge Was Cold on Christmas

Outside the club windows the snow was piling up in the streets; the cornices of adjacent buildings were heavy with its weight. Within, a genial blaze in the great fireplace snapped its fingers at the elements and a tinkle of ice in tall glasses suggested the convivial nature of the occasion. It was Christmas eve and the members were talking of earlier Christmases remembered with affection. That is to say, old Scrooge, the club bore, was talking; the others, having finished, were listening with polite attention, albeit with a certain unease.

"Just 20 years ago tonight," the old gentleman was saying brightly, "I was in Switzerland. What a winter that was! The snow came right up to the chalet windows and the servants dived for pennies thrown by the visitors. I remember . . ."

Without missing an incident, he told them of his holiday in Switzerland, although they all knew it by heart.

"Precisely 30 years ago tonight," the storyteller continued, "I happened to be in the Bavarian Alps. What a Christmas setting! And of course I was 10 years younger then. Possibly I have told you this before, but . . ."

He told them again, anyway. He beamed happily at his listeners when he had finished and sipped gently at his glass. Somebody coughed nervously.

"Of course," he added quickly, "one's happiness in Christmas goes back to one's childhood. I shall never forget my first winter at Great-aunt Jocelyn's farm. I was just a little shaver then, perhaps 9 or 10, and on Christmas eve I was all agog. That would be, let me see, just . . ."

The club president reached swiftly for the nearest ashstand and, with a single blow, stretched the remembrer dead at his feet.

"Gentlemen," he said coldly, "10 years from tonight, Ebenezer Scrooge will have been dead exactly 10 years. Has anybody got a match?"

Now It Has Come

Now Christmas is come,
Let's beat up the drum,
And call all our neighbors together,
And when they appear,
Let us make them such cheer
As will keep out the wind and the weather.

The Atomic Age

For Thine is the kingdom, and the power, and the glory, . . .

These words seem to me to be fitting words to live by in this age of the atom. To me, they establish beyond question our relationship to God.

God placed us here as trustees of His kingdom. If we accept that concept, there is no need to live in terror of the energy which we, in the performance of our trust, have released from the atom.

Man has always had within him the power to destroy himself. In stead he continues to live in God's kingdom, by His power and to His glory.

Fear doubtless first seized our primitive ancestors when one of them for the first time produced fire, handling familiarly and harmlessly the terribly destructive force which had always held man in deadly fear and awe. Man, master of fire, built thereon the great civilization which we see all about us.

The energies released by atomic fission and fusion are but the latest of the many talents with which God has trusted us. Despite obvious dangers, he dare not wrop these talents in a napkin and bury them in the ground in fear of ourselves or God. If God has trusted us, can we not then trust ourselves?

With the power that God has given us we are even now taking the first steps forward in the building of a new world to replace the old. God has opened for us and for our children the bright prospect of a new and infinitely freer world. New horizons beckon us on all sides.

Let us go forward then, in God's kingdom, trusting Him as He has trusted us and unafraid.

A Place To Stand

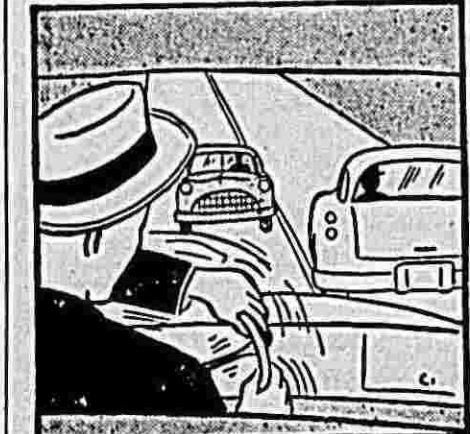

Last sunset, last twilight, last stars of December. And so this year comes to an end, a year rich in the small everyday events of the earth, as all years are for those who find delight in simple things. There is, in nature, a timeliness, a sturdy, undeviating endurance, that induces the conviction that here we have a place to stand. All around us are the inconstant and the uncertain. The institutions of men alter and disintegrate. Conditions of life change overnight. The thing we see today, tomorrow is not. But in the endless repetitions of nature—in the recurrence of spring, in the lush new growths that replace the old, in the coming of new birds to sing the ancient songs, in the continuity of life and the web of the living—here we find the solid foundation that, on this earth, underlies at once the past, the present, and the future.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Many highway accidents occur when the driver of one vehicle attempts to pass another. While passing another vehicle is an every day experience for motorists, it should not be regarded as a routine maneuver. It is an exacting art. It requires alertness and planning.

A driver should stay far enough behind the vehicle in front of him to see approaching traffic without nosing into the oncoming line. When a decision is made to pass

a vehicle, the motorist should increase speed before passing. The driver should remember to stay one car length for every ten miles per hour he is traveling behind the vehicle in front of him. If this rule is observed, a driver will experience little difficulty in picking up speed before actually passing a vehicle.

When another vehicle attempts to pass you, do not increase your speed. (Sec. 56, Uniform Act Regulating Traffic.) If the driver of such a vehicle has violated the laws and is passing on a hill or a curve and a car suddenly appears in the approaching line, pull as far to the right as possible and decrease your speed to allow the vehicle to pass you.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Mrs. Florence Reuter, 61, Dies After 11 Mos. Illness

—MAKE YOURSELF—

A BRAIDED TWOSOME

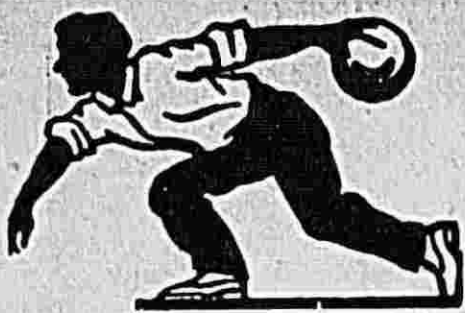

NEW YORK, N. Y. — This charming hat and bag set is easy to make. It's just braided! The new Kentucky Soft Spun variegated yarn gives the bold tweed effect so popular this fall and winter. The hat is very versatile — it can be worn as either the fashion-right cloche or the ever-popular sailor. Suit the hat to your mood by adding a gay little flower, or a giddy little feather. The basket-shaped bag is novel — but still roomy enough to be practical. To get your free instructions for making the "Braided Twosome" send a stamped, self-addressed envelope to the women's editor of this paper.

79 On Honor Roll at Antioch High School For Second Six Weeks

Seventy-nine students at Antioch Township High School were listed on the honor roll for the second six-week period ending December 2, Principal A. L. Dittman announced.

The freshmen and sophomores tied for the largest number—24, while the seniors had 22, and the juniors but nine.

Three freshmen, one sophomore and one junior had the distinction of receiving 20 points or a straight A grade. They are Sally January, James Oilschlag, and Sonya Pickus, freshmen; Tom Sanhamel, sophomore; and Rosa Elena Mana, junior.

They were closely followed by Joanne Haydon, senior; Richard Sreh, junior; Gwen Royer and N. Wetterberg, sophomores; and Margaret Ptasinski and Donna Winstead, freshmen who received 19 points. The roll follows:

SENIORS—Vernon Burdick, Jill Camphausen, Don Cugier, Delores Davis, Donna Dittmer, Barbara Doolittle, Robert Enis, Pat Hamlin, Carole Hansen, Joanne Haydon, Jaclyn Martin, Lenore McCord, Lillian McNeil, Jerome Meyer, Diane Olson, Ora Lee Paszkiewicz, Donna Reidel, Mary Schwicht, James Scully, James Stonis, Mary Tully, and Frank Walsh.

JUNIORS—Jeanne Filiatreault, Judy Horton, Betty January, Rose Elena Men, Antoinette Nering, Richard Rihimako, Richard Sreh, David Valkenaar, Richard Vlk, and Ralph Zeien.

SOPHOMORES—Catherine Arndt, Nancy Bailitz, Sue Carol Barnstable, Rosemary Belanger, Larry Dewar, Patricia Dressel, Frank Fardon, Mary Forbrich, Rose Ellen Furlan, Donna Gibbs, Dorothy Jach, Richard Jonas, Maureen O'Haver, Kathleen O'Haver, Agnes Pleviak, Judy Pyle, Karen Rentner, Gwen Royer, Tom Sanhamel, Judy Sheehan, N. Wetterberg, Lois Wohlfeil, Judy Zeliboor, Paula Zeien.

FRESHMEN—Steve Aschenbrenner, Bryan Cain, Donald Froels, Betty Freund, Mary Lou Geist, David Hay, Linda Hollock, Sally January, Linda Kuzmicki, Faye Mann, Diane Mantis, Vincent Nauseda, James Oilschlag, Sonya Pickus, John Proesel, Margaret Ptasinski, Cleon Schley, Thomas Schissler, Forest Stahmer, Carolyn Stoffe, Raymond Teml, Roger Van-Patten, Donna Winstead, Barbara Yates.

68 Illinois Counties Report 151 Elections On School Bond Issues

Irvin F. Pearson, Executive Secretary, Illinois Education association, today announced the results of a study of bond and tax referenda which have been held in Illinois during the period from Jan. 1, 1955, to Nov. 15, 1955.

Ninety-one counties submitted data. There were no elections on tax rates or bonds in 23 of the counties reporting. In the other 68 counties reporting there were 151 bond elections, of which 90 per cent were successful, and 117 elections to increase the educational tax rate of which 80 per cent carried.

Pearson, in commenting upon the study, indicated that it was his opinion that the people will in general provide funds for their schools if they are properly informed. He called attention to the fact that there are several school districts in the state that are now bonded to the constitutional limit or close to it, and that many others have voted the maximum educational rate permitted under the law.

Rapidly increasing enrollments in many districts indicate the necessity of providing additional classrooms and other facilities in the near future. Already, the situation is acute in several districts.

CHEVROLET SCORES WITH NEW NINE-SEATER

It takes nine for a baseball team and that's the number of passengers who can be accommodated in two new Chevrolet station wagons for 1956. Just to illustrate the point, the Queens, a girls' baseball team from Flint, Mich., climbed into the new car and found plenty of room left behind the third seat for equipment. This is one of six Chevrolet station wagons.

Christmas Story On Television

The traditional Christmas tale, the story of The Nativity, will be seen this year in a special television program, "No Room at the Inn," which will be telecast over the NBC television network on Christmas Day, Sunday, December 25th, at 4:00 p.m. (EST). This program, though sponsored, will be offered as a public service, without any commercial or institutional messages to disturb the reverence and sincerity of the dramatic story of the birth of Christ. For those who miss the television broadcast, the story of The Nativity can be heard the same day from 5:30 to 6:00 p.m. (EST), over the ABC radio network, when "No Room at the Inn" will be presented on "The Greatest Story Ever Told" radio program.

Tips on Traffic Safety

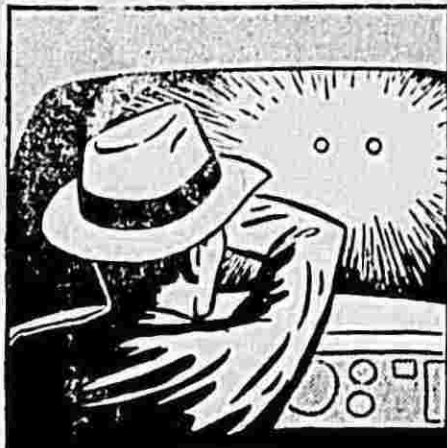

By
CHARLES F. CARPENTIER
Secretary of State

With the hours of darkness becoming longer at this time of the year it might be well to review the importance of proper use of a vehicle's lights. Statistics prove that nighttime travel is four times as deadly as travel by day. But it needn't be. A few precautions on the highways at night may save your life.

Do not try and "get by" with the use of your parking lights at sunset. Instead, turn on your driving lights as the parking lights aren't strong enough to be easily seen by other motorists and pedestrians.

Do not "over-drive" your lights. "Over-driving" is traveling too fast for the distance you can see with car lights. If you are traveling at 50 miles per hour and suddenly spot a stalled vehicle or other obstruction on the highway 200 feet in front of you, you will not be able to stop in time to avoid a collision.

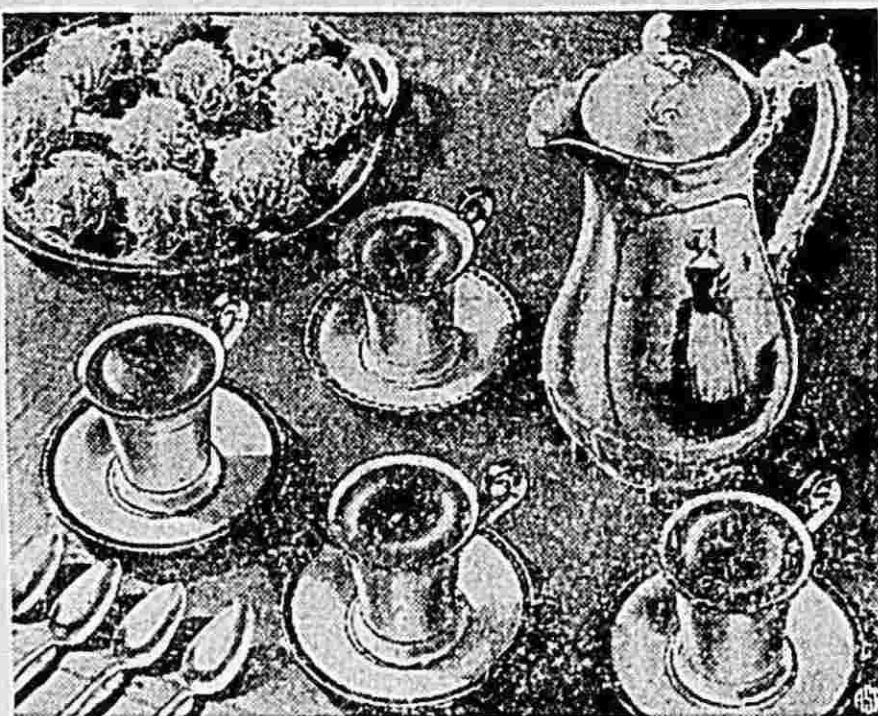

If the driver of an approaching vehicle does not lower his lights do

not try to retaliate by not dimming your lights. You only add to your own danger as well as to the other driver's. Here's why: If you were traveling at 60 miles per hour and blinded by glaring lights it would take you seven seconds to normally recover full vision. In that short space of time you would have traveled one city block.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Cocoa, Cake and Company

Folks who brave the wintry chill to pay you a friendly call deserve a warm welcome... so, while they are toasting before a cheery fire, take time to make hot cocoa, the old-fashioned way.

There's a new cocoa on the market now that has been Dutch-processed to give a more full-bodied, chocolate-y flavor. You'll like the new cocoa for baking, too, because it's triple-milled, which makes it lighter and fluffier and helps it combine more readily with other ingredients. For a superb example of cocoa cookery, try La Belle Cocoa Cake—the recipe's on the can.

Incidentally, you won't need a recipe to make the Snowballs in the picture. Break homemade or "boughten" angel food cake apart in balls with 2 forks, dip in Seven Minute Frosting and then roll lightly in shredded coconut. This makes a festive accompaniment for fragrant hot cocoa dressed up in fine china cups.

Old-Fashioned Hot Cocoa

1/2 cup cocoa	Dash of salt
1/4 to 1/2 cup sugar	1/2 cup water
1 quart milk	

Mix cocoa, sugar, salt and water in saucepan. Bring slowly to a boil and boil gently 2 minutes, stirring constantly. Add milk and heat. (Do not boil.) If desired, beat before serving. Serve hot. Makes 6 or 7 servings.

For richer cocoa, increase cocoa and sugar to 1/2 cup each.

Trace Origin of Christmas Tree

There are many beautiful legends concerning the origin and significance of the Christmas tree. One says that it was an evergreen tree which protected Mary and Joseph and Jesus from Herod's soldiers.

An old Norse legend recounts that the Lord sent down as emissaries Faith, Hope and Charity, to find a tree "As high as Faith, as eternal as Hope, and widespread as Love." They selected the balsam fir, which was all these things and bore "many crosses on every twig and branch."

No one knows just how the custom of having Christmas trees in homes began. One story is that Martin Luther, walking in a forest one Christmas night, noticed reflections of stars sparkling on snow-covered evergreens. He cut one tree down and took it home with him. There, with many tiny candles, he tried to create the same effect. His little children were so delighted that he did the same thing next Christmas, and the Christmas tree became traditional.

A less happy story concerns one of the first Christmas trees in this country. People seeing the lighted tree through the windows of a Philadelphia home, denounced the tree as "pagan," threw rocks through the windows and tried, unsuccessfully, to make the owner destroy the tree.

In spite of this sad beginning, the idea spread in popularity and 20 years later, in 1851, the first Christmas trees were introduced for sale in New York. The custom has become an important part of our celebrations and to today's children, indeed, it "just isn't Christmas" without a tree.

Molasses Barbecued Meats

Finger-length spareribs, glazed and seasoned with a molasses barbecue sauce, make most winning hot appetizers for parties. Cut the familiar way, the barbecued spareribs will be a popular dish for the family.

Canned baked beans, topped with frankfurters, are the better of taste with a savory molasses barbecue sauce stirred in before heating. Barbecued chicken, perennial favorite, can be baked or broiled with the same splendid molasses barbecue sauce.

Delicate unsulphured molasses contrasts taste-wise with the nip of prepared mustard in an easy barbecue sauce which can be made up in quantity without refrigeration. One basic recipe yields the seasoning touch to a number of favorite family meats.

Molasses Barbecue Sauce

- | | |
|--------------------------------------|------------------------------------|
| 4 tablespoons unsulphured molasses | 2 tablespoons Worcestershire sauce |
| 4 tablespoons prepared mustard | 2 teaspoons Tabasco |
| 3 tablespoons vinegar or lemon juice | 1/2 teaspoon kitchen bouquet |

Thoroughly combine unsulphured molasses and prepared mustard. Gradually stir in vinegar and Worcestershire sauce. Add Tabasco and kitchen bouquet; mix well. YIELD: 1/2 cup.

Appetizer Spareribs: Brush spareribs cut in serving portions with Molasses Barbecue Sauce. Bake in a moderate oven, (350°F.) 1 1/2 hours, brushing frequently.

Barbecued Chicken: Brush broiler halves with Molasses Barbecue Sauce; sprinkle with salt. Broil slowly, regulating heat, turning chicken and basting often. Broil 30 to 45 minutes, or until tender.

Baked Beans Piquant: Add 2 tablespoons Molasses Barbecue Sauce to each can baked beans; mix well. Simmer 15 minutes; top with heated frankfurters. Or bake beans and frankfurters in a moderate oven, (350°F.) 35 minutes.

Health Talk

While we enjoy many holidays throughout the year, none so keynote the anticipation of happiness as do those of the Christmas Season. Yet many of us, in our sincere desire to give happiness, through carelessness, provide tragedy instead, the Educational Committee of the Illinois State Medical Society states in Health Talk.

Are you one of those careless persons? Did you ever repair the string of electric lights that enhances your Christmas tree? Remember you noticed a short circuit which you promised to correct before using the lights again? But did you? Or are you just thinking that nothing could happen?

Something could, you know. A fire could bring real tragedy to you and your loved ones. And burns? How would you feel if that beloved child was in the hospital instead of home, surrounded by cheer and happiness?

And the ladder that is only brought out at tree-trimming time? Remember it has been richly for a couple of years now. You may not be as lucky this year when you're placing the star on the top of the tree.

How about the gifts for tiny tots? Did you buy them wisely, avoiding those with sharp points? Of course the toy with bright beads would make the little one's face light up, but have you remembered that probing little fingers pry things apart, so they can be popped into the mouth or tucked into the ears?

Have you planned your hours wisely, or are you the kind of person who thinks a crowded schedule is more fun? Lack of sleep and fatigue are not conducive to happiness, either for you or those about you.

And when you're tired, you are inclined to be more careless. In your rush to get things done, you can fall more easily. Broken bones aren't happy experiences at any time, let alone the Christmas holidays.

Perhaps you're driving to spend pleasant hours with friends or relatives. Have you planned sufficient time so that you won't have to speed? If you haven't, instead of being a holiday guest, you could be a holiday casualty statistic.

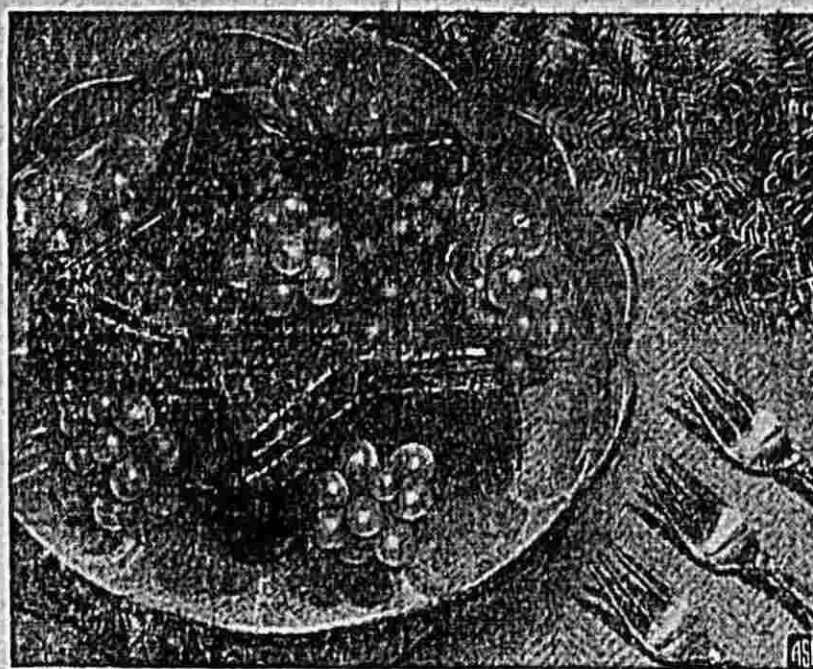

And speaking of driving, are you the type of person that thinks a few cocktails don't affect your ability to handle your automobile? Do you think that "one more for the road" is a gesture of goodwill? Instead of home, the road may lead to the hospital, or even to the morgue.

The approaching holidays should be a happy and festive time. Do your part to make them so. Plan wisely and carefully to prevent accidents, so that tragedy will not mar your holidays.

Have fun, laugh frequently and smile often. Let your feeling of well-being and happiness spread to others. This is one form of infection that is endorsed by the medical profession. And remember that there is a spiritual aspect to the Christmas Season. Go to the church of your own Faith.

With these admonitions, the Educational Committee of the Illinois State Medical Society wishes you Good Health and Happiness.

Low Calorie Treat For Christmas

Christmas is the season when everything should be a little special. The house looks especially cheerful, the table sparkles with your prettiest china and silver, and the kitchen provides extra special treats for Christmas eating.

With the whole house in a happy hubbub, isn't it a relief to find a few wonderful recipes for holiday eating that can be made in a hurry? This attractive molded Cranberry Star Salad can be "cooked" right in the refrigerator. (You can make it a day ahead, too.)

What's more, it will especially please all weight-watchers in the family. Each serving contains just 66 calories, all because Sucaryl, the new improved non-caloric sweetener, does the sweetening job. If sugar had been used, you'd have to count 120 calories for each serving. If you have weighty problems in your family, this improved non-caloric sweetener can be a big help in all your cooking and baking. Sucaryl has a true sugar-like sweetness and can be used anywhere that you'd normally use sugar. And you can't taste the difference.

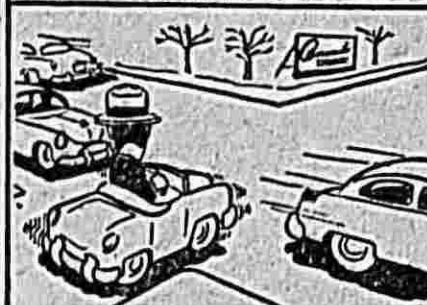

Cranberry Star Salad

- | | |
|--|---|
| 2 envelopes unflavored gelatin | 1 cup pineapple juice (or water) |
| 1/2 cup lemon juice | 4 cups raw cranberries, coarsely ground (1 lb.) |
| 2 tablespoons orange rind | 2 medium apples, finely chopped |
| 1/2 teaspoon salt | 1 cup finely chopped celery |
| 4 tablespoons Sucaryl solution or 96 Sucaryl tablets | |

Mix gelatin with lemon and orange juice. Add rind, salt and Sucaryl. Set aside. Heat pineapple juice to boiling. Remove from heat. Add gelatin mixture, stirring until dissolved. Add hot liquid to cranberries, apples and celery. Stir until well mixed. Pour into oiled 6-cup star mold. Chill 6 hours or overnight. To serve, unmold and garnish with white grapes.

Makes 12 servings. Each serving contains 66 CALORIES; 2 grams protein; 0.4 gram fat; 12.8 grams carbohydrate. If made with sugar, each serving would contain 120 CALORIES.

AT ROAD INTERSECTIONS — ARE YOU A WORMER OR BARGER?

One way to tie up traffic, cause an accident, is to worm or barge your car out across a busy thoroughfare, hoping that the drivers of cars coming at you will stop in time to let you through. While your patience may be tried to the utmost, wait until you have the right opportunity to safely do so. Don't insist on endangering yourself and other motorists at the risk of an accident.

The championship trophy was presented to the team by Principal Marlin M. Schnurr, who is also president of the Southern Lakes conference. The athletes also received miniature gold footballs presented by Frank Bucci. In return the players presented Bucci and assistant coach Bob Hanke with attractive plaques in honor of the championship season. Guest speaker for the event was Tom Biemann, local football star with the Chicago Cardinals. Biemann congratulated the Panthers on their winning campaign and told them that, as athletes, they had excellent opportunities to further their education. One hundred fifty players and fans attended the banquet.

Party Resolution For The Holidays

To make holiday parties come and go smoothly, keep your entertaining simple and easy. When you have homemade Grapefruit and Mint Jelly close at hand, it takes no time to fix a festive tray to serve with steaming coffee. Shimmering, glistening molds of jelly surrounded by crackers can be such pretty party fare and are oh-so-easy to make!

Just follow this tested recipe and in fifteen minutes after the fruit has been prepared, you'll have ten gleaming glasses filled to the brim (with Grapefruit and Mint Jelly). Its delicious flavor will inspire a resolution to try other recipes available in the Certo leaflet that comes with each bottle.

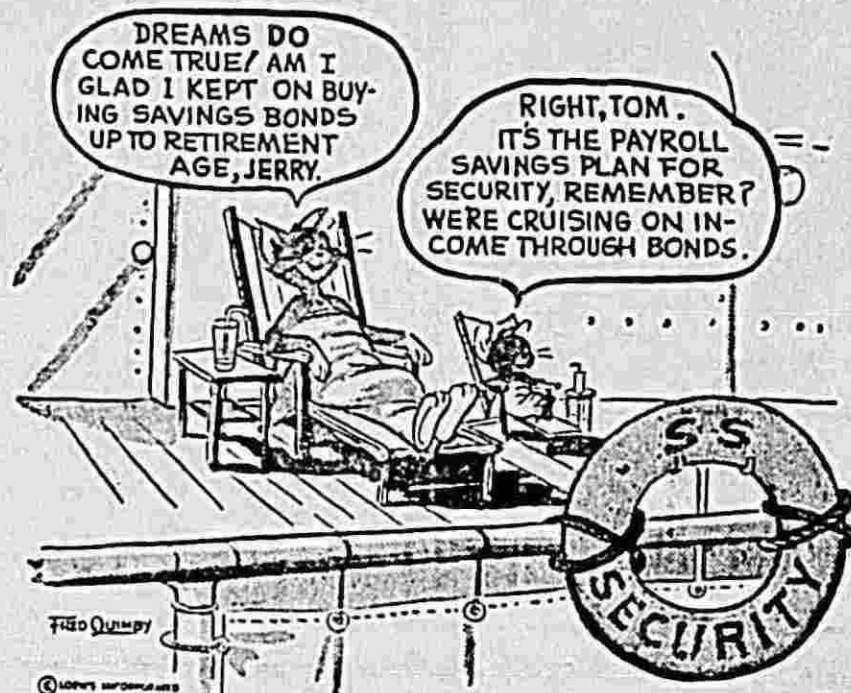

GRAPEFRUIT AND MINT JELLY

3-1/2 cups juice (4 grapefruit)
7 cups (3 lbs.) sugar
Green coloring
1 bottle Certo liquid fruit pectin

1/2 to 1-1/2 teaspoons spearmint extract

First, prepare the juice. Grate rind and squeeze juice from 4 medium-sized grapefruit. Add juice to rind and let stand 10 minutes. Then press juice through a cloth. Measure 3-1/2 cups into a very large saucepan.

Then make the jelly. Add sugar to juice in saucepan and mix well. Place over high heat and, while mixture is coming to a boil, add green coloring to give desired shade. As soon as mixture boils, stir in Certo. Then bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat and strain off foam with metal spoon. Add flavoring and pour quickly into glasses. Cover jelly at once with 1/8 inch hot paraffin. Makes 10 medium glasses.

The Christ Of The Beatitudes

Rembrandt's Head of Christ, often called The Christ of The Beatitudes, will probably be studied by more people during the next two months than at any time since it was painted in the 17th century. It appears on the cover of The Upper Room, daily devotional guide with more than 3 million circulation. The painting is in the Metropolitan Museum in New York.

Dr. J. Manning Potts, editor of The Upper Room points out that in this picture Rembrandt was seeking to show the compassionate Christ—friend of the lonely, the poor and the suffering. Rembrandt painted this picture after he had himself experienced great personal sorrow, lost his fortune and his popularity. Worshippers of wealth and power brush him aside but the poor and suffering see compassion and love in his eyes.

Elect Representative Committeemen in April, But Not Senatorial Com.

Springfield, Ill.—All counties in Illinois except Cook county will hold their first election of Representative Committeemen at the April 1956, primary election but there will be no election for Senatorial Committeemen in any county, Attorney General Latham Castle held today in an official opinion.

Up until the April, 1956, primary, Castle's opinion said, the chairmen of the county central committees of the counties within the Representative districts are to compose the respective representative committees. County Clerks, Castle's opinion advised State's Attorney Kenneth E. Evans of Macon county, should not accept nomination petitions for Senatorial Committeemen as statutory provisions for their election now have been repealed.

The duty of a Senatorial committee is to fill a vacancy in the nomination for the office of state senator caused by death or any other reason, Castle's opinion explained.

The duties of a representative committee, the opinion said, are to determine the number of candidates to be nominated by the political party for the office of representative in the General Assembly and to file their certificate showing the number to be nominated with the Secretary of State at least seventy days before the date of the April primary. This committee also, the opinion said, would fill any vacancy in a nomination for the office of state representative caused by death or any other reason.

Castle's opinion pointed out that

passage of House Bill No. 78 by the last general assembly repealed provisions for filing of nomination petitions of Senatorial Committeemen and the placing of names of such candidates upon the primary ballot. The bill also provided for filing of nomination petitions for Representative Committeemen and for placing of names of such candidates on the primary ballot.

Central Band and Choir To Present Concert on Monday Night, Dec. 19

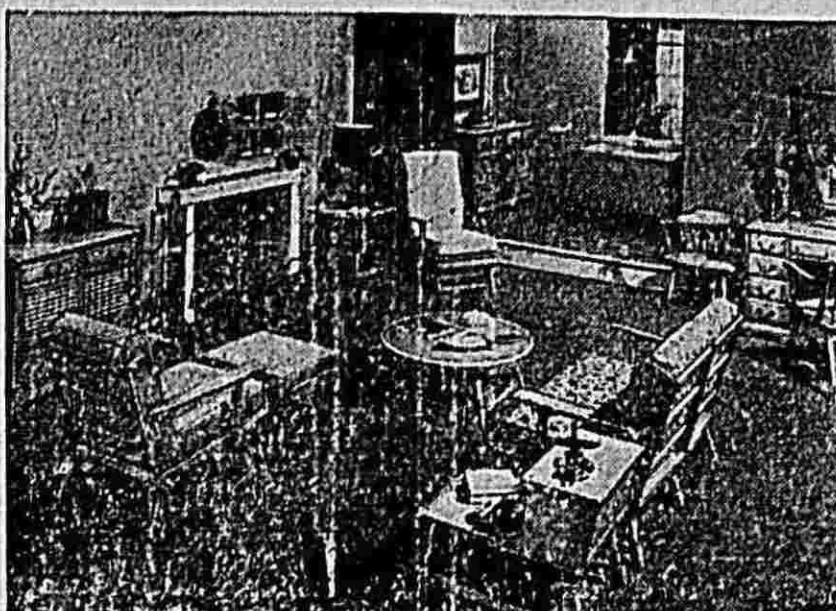

The band and choir of Central High school (Paddock Lake) Salem, Wis., will present their annual Christmas Concert at the high school at 8:15 p. m. on Monday, Dec. 19. A highlight of this concert will be the presentation by the choir of Bernard Hamblen's Christmas cantata, "The Babe of Bethlehem." This cantata tells the story of Christmas in Scripture and song, with emphasis on the part played by the three wise men and their gifts to the Christ Child.

Also taking part will be the Central High School Concert band. Both the choir and the band are under the leadership of Russell Broten of the Central High School faculty.

The concert is free and the public is cordially invited to attend. Central High school is on Highway 50 about 16 miles west of Kenosha.

Grass Fire Extinguished

Decorator's Notebook by Alicia Joyce

Now that the holiday season is definitely on the way, the living and dining areas of your home are certain to get double and triple duty. If you plan them with furnishings like these, your holiday living and entertaining should be as enjoyable for you as it will be for your family and friends.

Furniture in Early American styling with a fine patina wood finish will set a warm mellow mood to any room. Both practical and fashionable are the louvred sliding doors on the buffet and chest pieces. At the same time, each has more than adequate drawer space. There are deep drawers under the storage section for linens, and shallow drawers above for silver and other miscellany.

This grouping is especially ideal for the living room with a fireplace. The seating pieces are loungy and comfortable. The lovely and attractive linen upholstery over foam rubber cushions is zippered along the sides for simple removal when cleaning is necessary. You'll appreciate, too, the variety of sizes and shapes of occasional tables in this group. There is the dainty square for a small corner, a circular for the center of a grouping, and a step table for chair-side use for still another variation.

This surely is a furniture grouping designed to answer all the requirements for functional holiday living for you, your family and your friends.

Tuberculosis Hits 100,000 Victims Every Year

NEW YORK—Every year tuberculosis claims about 100,000 new victims—an attack of one person every five minutes.

Almost 400,000 persons in the United States are estimated to have active tuberculosis today. It is difficult to know the exact number because all cases are not a matter of record. Because tuberculosis has a long, symptomless onset and because people may be careless about checking up on their health unless they are actually ill, tuberculosis frequently goes undiagnosed for months or even years.

However, there are 250,000 cases on health department records and, on the basis of experience in case-finding surveys, it is estimated there are approximately 150,000 active cases unreported to health authorities. These unknown cases are the ones spreading most of the disease.

In addition, there are around 800,000 people with inactive disease—people who have been successfully treated for tuberculosis but, because of the chronic, relapsing nature of the disease, should continue under medical supervision, with frequent check ups, lest they break down again.

Thus, tuberculosis is a health problem of immediate concern to 1,200,000 persons. Furthermore, the disease affects in a deeply personal way the husbands and wives, the children, the mothers and fathers, and other close relatives of those afflicted with the disease.

The plight of persons incapacitated by tuberculosis is a direct concern to the community, the state, and the nation. Tuberculosis today is costing this country \$620,000,000 a year, largely in tax dollars.

Visitor Survives Life on 'Range'

MADISON, Ind. — A Cincinnati man escaped injury while wandering for three weeks around a heavy-artillery firing range near Madison.

David Gilkey, 30, a contractor, was taken into custody on the 16,000 acre Jefferson Proving Grounds and charged with trespassing on Government property. Army officials said he had been in an area where many projectiles fall. Gilkey said he heard firing, but no

shells fell near him. Gilkey spent the three weeks wandering about the grounds at night and sleeping in the fields and wooded sections during the day. All he had to eat was apples and pears he picked up on the big reservation.

He spent the entire period in a sport coat, sport shirt, trousers, and low-cut shoes. He said he climbed over the fence one night and did not realize until the following day he was on Government property.

Gilkey explained: "I guess you would call it retreat I was after. I just wanted to get away to myself for a while."

Largest Garter Snake Found by Zoologist

LOS ANGELES—A 3½ foot garter snake, the largest such snake on record, has been found by a California zoologist.

The yard-long reptile was picked up by Jim Vial beside an irrigation ditch near Yuma, Arizona. It apparently has thrived on the toads and frogs along the ditch.

It is of a common variety of snake known as Marcy's garter snake. The king-sized garter snake is 14 inches longer than the largest garter snake on record.

Other than its gigantic proportions the reptile is identical with the small striped variety that little boys carry around in their pocket to scare little girls with and just as harmless, according to Vial.

The U.C.L.A. zoologist says that after a few weeks observation the snake will be pickled for posterity and placed in the University's bottled reptile collection.

Farm Mortgages Greatly Increased

WASHINGTON—Farm mortgages for the first half of 1955 totaled \$1,300,000,000, an increase of \$300,000,000 over the first half of 1954, says the Farm Credit Administration.

The mortgages also averaged about \$1,060 larger in the first six months of 1955—\$7,050 this year as against \$5,990 in 1954.

Farm owners obtained the largest number of mortgages since 1951 and the largest total of loan money since such statistics were started in 1934.

TV Watchers

WASHINGTON—U.S. families now have 32,000,000 television sets, compared with only about 5,000,000 in 1950, the Census Bureau reports.

Four out of five families in cities have them, the bureau said, and less than half of those living in rural areas.

Gov. Stratton Tests Vision

SPRINGFIELD, ILL.—Peering into the Illinois Driver Ortho-Rater is Gov. William G. Stratton, taking the first test on the new machine as part of the state's highway safety program. Administering the test in the Governor's office is Secretary of State Charles C. Carpenter. Designed by the Bausch & Lomb Optical Co., Rochester, N.Y., the Ortho-Rater measures "behind-the-wheel" vision and replaces the old-fashioned eye chart. All new applicants for drivers licenses will be required to take the Ortho-Rater test.

Chrysler's wonderfully convenient Pushbutton drive is on the left side where no one but the driver can reach it.

Push this button and all other cars seem outdated!

15 minutes in the new "PowerStyle" Chrysler can change a lifetime of buying habits!

Push that "D" button and step on the gas. You're off like a shot. Now you're eating up the ribbon of road in front of you. A curve comes up and bends around behind. What was a hill has vanished. The scenery itself must be moving, not you!

What accounts for this magic? A whole new series of Chrysler engineering developments. Pushbutton PowerFlite transmission . . . a bigger airplane-type V-8 engine, more powerful than anything in its price class . . . full-time Power-Pilot Steering . . . and newly designed PowerSmooth Brakes that bring you to the world's safest, smoothest straight line stops.

Chrysler, with its low center of gravity, rivals the cornering ability of a racing car.

All this you see reflected in Chrysler's "PowerStyle" lines . . . the new Forward Look . . . the new look of power.

If you're now driving one of the other two major cars in Chrysler's price class, come in and make a direct comparison. Just see if Chrysler doesn't make everything else seem outdated!
